Your Majesty,

Congratulations on your Majesty's Diamond Jubilee! We are pupils of 8A at at Therese school in France. We know the Jubilee was a very big feetival and we would have liked to participate in the feetivities! We saw your Majesty in the newspapers, your Majesty was incredible! For one week, we worked on the diamond Jubilee, it was cool when the royal family and your Majesty appeared in the many feetivities, a lot of photos of your Majesty were taken! Your majesty was always beautiful!
