Your Royal Highnesses

We are pupils of year 7, we live in France, Brittany, Muzillac, near the sea. We learned from the press about the birth of your daughter Charlotte and we send our congratulations. We are very happy for you. We hope George is happy to have such a charming little sister and we find you amazing because you form a beautiful family. We've never been to England but hope to go in the coming years and perhaps see you?
